

Hunterdon County Library RENEWALS MADE EASY

- ◇ Library materials that have not been requested by another customer are now eligible for auto-renewal.
- ◇ Eligible items will be automatically renewed for the full loan period.
- ◇ The new due date will be calculated by taking the current due date and adding on the full loan period of the item.
- ◇ Automatically renewed items will be included in your “Almost Overdue” reminder notices that are received in your email.
- ◇ The email will notify you that an item has been automatically renewed, unless you have opted out of receiving this type of reminder notice.
- ◇ All conditions that prevent manual renewals will also prevent automatic renewals: renewal limit has been reached, there are holds on the title, the item is overdue, or there is a block on your record.
- ◇ This new feature *DOES NOT* include eBooks or eAudio (eHCL checkouts).
