

NCB Garden Club

Underground Magic of Bulbs

Presented by Vicki Dole

Certified Rutgers Master Gardener of Hunterdon County

Plants that store their nutrients in underground storage structures include bulbs, rhizomes, and corms. Discover their history, folklore and unexpected uses. Learn how to grow them, select the proper type, size and when to plant, as well as some troubleshooting solutions.

The NCB Garden Club is drop-in and open to all. During the growing season there is also a plant swap table!
