

THE THELMA MILLER SCRAPBOOKS

I: BIRTHS AND DEATHS

Thelma Miller kept scrapbooks about events in the area of Three Bridges from the 1930s until 2005, when she donated three, Weddings, Anniversaries, and Deaths, to the Library. Most of the notices and obituaries involve people who had some connection with Three Bridges or Readington Township, but there are also many names of people from other towns in Hunterdon County and from elsewhere.

These entries are collected from the scrapbook entitled “Deaths, Births, Real Estate.” Entries from the Weddings and Anniversaries scrapbooks are in a separate index on this site. Approximately 300 notices of property sales are listed on pages 111-114 of this book. They are not indexed here unless they have genealogical interest, specifying relationships between individuals. Property transfers are best looked up at the County Clerk’s office in Flemington, which maintains complete records.

The entries are listed as follows:

Name – Birth announcements list the names of the child and both parents. If a child’s name is not given in the birth announcement, it is shown as [son] or [daughter]. Birth and death announcements that seem by reason of other details to refer to the same individual are grouped together with no line breaks. When a maiden name, signified by a superscript ^m, is given, the woman’s married name follows in parentheses. Parents of a child are shown under the child’s name, with the mother’s maiden name in parentheses. In alphabetizing names, punctuation (like the apostrophe in O’Brien) is ignored, but spaces are not (so Vander Byl comes before Vanderbilt).

Event and Date – B = Birth. The date is the date of birth. Sometimes this comes from an obituary.

D = Death. The date is the date of death. Sometimes the dates were written in by Thelma Miller, so they may not be exact.

Book, Page – The book is D, for “Deaths.” There may be two or more page numbers if there are two or more clippings. You should check each page because clippings may be from different newspapers and offer different details.

Using the “Find” command (<control> + f) should speed up your search in this index.

The size of the scrapbook pages prevents scanning them, so patrons will need to come into the Library on Route 12 to see the scrapbooks.

B = Birth D = Death ^m = maiden name M = Miscellaneous event (real estate, etc.)

Names beginning with "Van" are spelled as they were in the obituary. However it is best to check both spellings, as one word or two, e.g., Van Fleet or VanFleet, because they will be alphabetized differently, with the two-word spellings coming first.
