

THE THELMA MILLER SCRAPBOOKS

I: ENGAGEMENTS, WEDDINGS, AND ANNIVERSARIES

Thelma Miller kept scrapbooks about events in the area of Three Bridges from the 1930s until 2005, when she donated three, Weddings, Anniversaries, and Deaths, to the Library. Most of the notices and obituaries involve people who had some connection with Three Bridges or Readington Township, but there are also many names of people from other towns in Hunterdon County and from elsewhere.

These entries are collected from two scrapbooks, "Weddings, engagements, 3 B news, sewer, etc." and "Anniversaries." Only the items of genealogical interest are indexed. The third scrapbook, "Deaths, Births," is separately indexed on this site.

The entries are listed as follows:

Name – For women, maiden names are given when available. Unfortunately, in many anniversary announcements, no maiden name is given at all, or, in more recent newspapers, just the first name. In cases where a first name is given, the person is identified as "Smith [married name], Wilma [first name], Mrs." Occasionally the engagement announcement mentions one fiancé(e), but the wedding was to someone else. Both articles should be checked. Where there is reasonable certainty, because of identity of dates, parents, or other details, that two announcements refer to the same person, even if the name is slightly different, the names are grouped together. In alphabetizing names, punctuation (like the apostrophe in O'Brien) is ignored, but spaces are not (so Vander Byl comes before Vanderbilt).

Event and Date – E = Engagement. The date is the date the engagement was announced.

M = Marriage. The date is the date of the marriage. Sometimes the dates were written in by Thelma Miller, so they may not be exact.

A + number = anniversary and year (25th, 50th, etc). Only one divorce is recorded in these scrapbooks. When an anniversary announcement gives the marriage date, I will use the marriage date rather than the date of the anniversary celebration.

Book, Page – The book is W, for "Weddings," or A, for "Anniversaries." There may be two or more page numbers if there are two or more clippings.

Using the "Find" command (<control> + f) should speed up your search in this index.

The size of the scrapbook pages prevents scanning them, so patrons will need to come into the Library on Route 12 to see the scrapbooks.
