

SEED EXCHANGE AT NORTH COUNTY BRANCH

Donate Your Seeds for 2022!

Before you purchase your seeds next winter, check the HCL Seed Exchange at the North County Branch Library to see what seeds are available for you to take for free!

This fall, consider if you have any seeds that you would like to donate. Donated seeds can include partially-used new seed packets or properly harvested seeds. (Commercial seeds are kept separate from the home-grown seeds.) The Seed Exchange is an honor system, and all seed material is free and available for non-commercial purposes. The HCL Seed Exchange has included seeds from Baker Creek Heirloom Seeds, Botanical Interests, Burpee Seed, Hudson Valley Seed, and Stokes. It also includes seeds donated by local gardeners who wish to reduce, reuse and recycle, share with fellow gardeners, and/or preserve heirloom varieties. No guarantees are made regarding seed labeling or viability.
